

Are solar landscaping lights a good idea?

Solar landscaping lights can illuminate your favorite outdoor spaces without increasing your energy bill. Their designs range from practical to whimsical to enhance different types of outdoor spaces. Some come in strings, and others are lantern-like with shepherd's hooks to brighten walkways.

How to install solar landscape lights?

Solar landscape lights can be attached to the wall, garage, or post on your porch or simply installed by sticking the long stake in the ground. This method can be used to light up the driveway, pool, or garden. Installing other lights in your pool is expensive, and leaving the porch light on can be costly.

How do I choose a solar outdoor light?

Whether that's a string of lights strung through an arbor or post lights lining a walkway, these outdoor lights illuminate where you need them without gobbling up energy (and money). Selecting a solar outdoor light is about choosing the right type of outdoor fixture for the job.

What are the different types of outdoor solar lights?

Outdoor solar lights come in a variety of types. Pathway lights are commonly sold in groups of six or eight to light walkways. This type of landscaping light sits on top of a spike that you drive into the ground. String lights are ideal for lighting outdoor living and dining areas.

How much do solar garden lights cost?

At a cost of about \$5 per light, one would be hard-pressed to find a better deal than this set of solar-powered garden lights from Signature Garden. With its eight lights, the set can cover a walkway or illuminate several garden beds. The lights are black and have a simple no-frills look that suits many home exteriors.

What are solpex solar outdoor lights?

Specs The SOLPEX Solar Outdoor Lights bring style and character to the garden with illumination that goes beyond practical into decorative. These lights give off a gentle light that's not designed to overpower a walkway. Instead, they emit an accentuating glow to highlight a garden or other landscaping features.
