

Is lime heart sweet potato vine a low maintenance plant?

SolarPower(TM) Lime Heart Sweet Potato Vine is a dense herbaceous annual with a trailing habit of growth, eventually spilling over the edges of hanging baskets and containers. Its relatively fine texture sets it apart from other garden plants with less refined foliage. This is a relatively low maintenance plant.

Is Solarpower a good plant?

Densely branched SolarPower holds its shape and color in the landscape and mixed combos all Summer long, and it works well with companion plants. Medium vigor and a well-branched habit. Most efficient in production. SolarPower's tidy habit allows for more plants per rack at retail.

What kind of leaves do solar power plants have?

General Information: Brightly colored leaves are great for mixed containers and garden beds. Series features heart and cut-shaped leaf varieties! Densely branched SolarPower holds its shape and color in the landscape and mixed combos all Summer long, and it works well with companion plants. Medium vigor and a well-branched habit.

Do sweet potatoes make good ground covers?

Ornamental Sweet Potatoes, the versatile first cousins of Morning Glories, make striking ground covers and are unequaled cascading over the sides of hanging baskets. These lovely annuals have vigorous vines with deep-veined leaves. Count on them to infuse your summer landscape with color and pizzazz.
