

What is the size of the global solar power market?

The global solar power market size was valued at USD 253.69 billion in 2023. It is projected to reach USD 436.36 billion by 2032, exhibiting a CAGR of 6% during the forecast period.

What is the solar power market?

The Solar Power market is a sector of the energy industry that focuses on the production and use of solar energy. Solar energy is generated by capturing the sun's rays and converting them into electricity or heat. Solar power is a clean, renewable energy source that can be used to power homes, businesses, and other applications.

What was the value of the solar power market in 2023?

According to Fortune Business Insights, the global solar power market size was valued at USD 253.69 billion in 2023. It is projected to reach USD 436.36 billion by 2032.

What is a solar power market research report?

A solar power market research report is a qualitative and quantitative in-depth industry analysis of the global market. It details the adoption of solar power systems across several regions and provides a detailed competitive landscape, including information on key players and their strategies.

What will drive the solar power market over the next 7 years?

Globally increasing energy consumption coupled with rising environmental concerns such as greenhouse gas emission is expected to drive the solar power market over the next seven years. Rising awareness among consumers regarding renewable energy benefits is anticipated to remain a key driving factor for market growth over the forecast period.

How big is the solar power market in 2022?

The solar power market size was US\$170 billion in 2022.

The Germany Solar Energy Market is expected to reach 115.12 gigawatt in 2025 and grow at a CAGR of 18.30% to reach 266.73 gigawatt by 2030. IBC SOLAR AG, Centrotherm International AG, SunPower Corporation, Hanwha ...

The global solar power market size is calculated at USD 269.07 billion in 2024 and is projected to hit around USD 495.12 billion by 2034 with a notable CAGR of 6%.
