

Can solar energy save you money?

Solar energy not only reduces your carbon footprint by using renewable energy, but also offers long-term cost savings on your energy bills. We work with Heatable and Glow Green, who are two industry-leading solar energy installers. See below to see how much you could save. Pledges to beat any like-for-like quote.

How can I get the best price for a solar system?

To get the best price for your solar system, take advantage of tax incentives and flexible financing options. Power your home with emissions-free, renewable energy directly from the sun. You may qualify for federal, state, and local tax incentives that can help cut your installation costs.

Is solar energy a good investment?

In an era when sustainability and energy efficiency are paramount, harnessing the power of the sun has become a crucial step towards a greener future. Solar energy not only reduces your carbon footprint by using renewable energy, but also offers long-term cost savings on your energy bills.

What are solar rebates & incentives?

Rebates and incentives are a crucial way to encourage broader adoption of solar energy and full home electrification across the country. These incentives will typically come from your utility, state government, or the federal government in the form of tax credits, property tax abatements, one-time rebates, or performance-based rebates.

What financing options does Project Solar offer?

Project Solar offers two main financing options for professional solar installations. They partner with a few lenders to provide these options: Option A is cheaper overall and is ideal for customers who plan to pay off their solar loan in a shorter period, typically around seven years.

What is a benefit of using solar power?

Generating energy from the sun is free--using it to power your home can help protect you from rising energy costs. Power your home with emissions-free, renewable energy directly from the sun. You may qualify for federal, state and local tax incentives that can help cut your installation costs.
