Is PSW a good solar installer in Perth?

Everything is working as advertised and the app provided (with Huawei inverter) is awesome. 10/10 would choose again. We looked at quite a few options for solar installers in Perth and found PSW via google. After requesting a quote, we chose the options of panels and inverter, and PSW sent the proposed roof layout.

How good is a solar installer in Australia?

Click on 'Australia Wide Ranking' to put their score in context. For example, on the surface, an average score of 4.3 might sound quite good. But it is in the bottom 30% of all installers reviewed on SolarQuotes who have at least 25 ratings: One problem with online reviews is some companies may game certain sites.

Why should solar companies invest in Perth?

Local presence is a solar company's sign of investment to the greater Perth region and customer satisfaction. Companies with established operations in Western Australia are invested in the local community with a reputation to uphold. Self-generated sustainable energy is a mature industry in 2025 with mass market appeal first experienced in 2009.

Does Perth solar force install solar panels?

Perth Solar Force takes an extraordinary amount of pride in their panel installs. This normally can get neglected by solar installers, especially at larger companies with apprentices usually on the roof. PSF keeps their panel installations textbook, with no bowing and perfectly aligned, even on large commercial installs with a sea of panels.
