

Are solar roof tiles a viable alternative to traditional solar panels?

Solar roof tiles could be the answer if you're looking to utilise the sun's power and make use of a sustainable alternative for your energy needs. This article explores the costs, pros, and cons of solar roof tiles in 2025 and helps you understand how they differ from traditional solar panels.

What is the cost of solar tiles in the UK?

Solar tiles in the UK cost between £13,000 and £16,200 for the average home. This is compared to regular solar panels, which can cost between £2,500 - £10,500. Solar roof tiles come in various designs and can replace a standard roof, saving you money on electricity.

What should you know about solar roof tiles UK?

Here's everything you need to know about solar roof tiles UK, including the costs, pros, cons, who offers the best, and who installs them. Pro tip: Avoid upsells and confusing packages--choose a provider with a clear, fixed-price quote that won't change. Heatable, a Which?-approved solar installer, offers transparent pricing with no surprises.

Are PV roof tiles a good investment?

PV roof tiles can be the perfect solution when the appearance of solar panels on your roof is the main barrier to investing in solar. They're also called solar shingles or slates and are an aesthetically pleasing alternative to traditional solar panels. Panels are bulky and will sit directly on top of your roof.

Who installs solar tiles?

Solar tiles require a longer, more complex installation, installed by roofers rather than PV installers, increasing costs. Unlike traditional solar panels, solar tiles double up as a roof covering or roof tile replacement, so they will naturally be more expensive than bolting solar panels onto an existing roof.

Which company manufactures solar panel roof tiles in Wales?

GB Sol offers one of the few solar panel roof tiles already available in the UK. The company designed their PV Slate to integrate with slate roofs. They manufacture the shingles in Wales. Solecco is another great alternative for solar tiles in the UK until Tesla Solarglass is available.
