

How much do solar sales reps make per year?

The median annual salary for a solar sales rep is \$62,000, which is higher than the median salary for most other occupations. Solar sales representatives make between \$36,000 and \$90,000 per year, with the average salary around \$54,000. The top 10% of solar sales reps earn an average of \$100,000 per year.

How much does a solar panel salesman make?

Solar panel salesmen typically make a commission of around 10% for each sale they make. For instance, if a salesman sells a solar panel system for \$10,000, they can make a commission of \$1,000. Solar panel salesmen make their income through commissions from each sale.

How does a solar company generate revenue?

Solar companies make money by paying their sales representatives a commission for every sale they make. The commission is typically a percentage of the total price of the solar system. For instance, if a sales representative sells a \$20,000 solar system, they might earn a 5% commission, which amounts to \$1,000.

How much do solar jobs pay a year?

Through our analysis, we found that solar jobs in the system design sector have the highest average median pay, at \$76,378 a year. Jobs that fall under installation and operations have the lowest average median pay, at \$52,101, although that's still 31% higher than the median personal income in the U.S.

What are the highest paying solar jobs?

The highest-paying solar job is a lawyer with solar expertise, which can also be called an energy or environmental attorney. They earn a median annual salary of \$114,870, although out of all of the solar jobs, this one does require the highest level of education and training, including a postgraduate degree.

What is the role of a solar salesperson?

A solar sales job involves going door-to-door or making cold calls to find potential customers. Once you've identified a customer interested in solar, you'll need to assess their needs and determine the best system for them. Finally, you'll negotiate a price and install the system.
