

Who is the best solar company in Springfield MO?

According to solar shoppers on the EnergySage Marketplace, the top five solar installers in Springfield, MO are SunSent Solar, Helio GreenTech, EnergyONE Renewables, Solar City STL, and PowerSync Solar LLC. How many solar companies are in Springfield, MO?

How much does solar cost in Springfield MO?

The average price per watt of solar power in Springfield, MO is \$2.80/W. These prices are before incentives. After the federal solar tax credit, the final cost will drop by 30%, down to \$26,734 for a 13.65 kW system. Many states even offer local rebates and incentives that lower the price further--sometimes by thousands of dollars.

How much does a 5 kilowatt solar system cost in Springfield?

You'll pay an average of \$13,763 to install a 5 kilowatt solar panel system in Springfield, MO, before incentives. The federal investment tax credit (ITC) lowers that price by 30% of all your solar equipment and installation costs.

Do I need a solar battery in Springfield?

No, you don't need to install a solar battery in Springfield. Solar panels can operate and lower your electricity bill even without a battery. However, a solar battery might be a worthwhile investment in some cases. A battery can provide backup power and priceless peace of mind in places with prolonged grid blackouts or extreme weather events.

Can I get a solar tax credit in Springfield MO?

As long as your federal tax bill is high enough, you can take advantage of the federal tax credit in Springfield, MO. This incentive allows you to apply 30% of your solar installation and equipment costs toward your federal tax bill. If the amount exceeds your tax bill, you can roll over the remaining credit to the following year.

Are solar incentives a good idea in Springfield?

Solar incentives and rebates can cut the cost of installing solar in Springfield by thousands of dollars. The most significant incentive is the 30% federal solar tax credit, available to any taxpayer in the country when they purchase solar panels or battery storage.
