

What color is the SolarPower sweet potato vine?

The SolarPower sweet potato vine comes in various colors. The black version is deep purplish-black, while a rich lime green and a rusty bronze variant are also available.

Is lime heart sweet potato vine a low maintenance plant?

SolarPower(TM) Lime Heart Sweet Potato Vine is a dense herbaceous annual with a trailing habit of growth, eventually spilling over the edges of hanging baskets and containers. Its relatively fine texture sets it apart from other garden plants with less refined foliage. This is a relatively low maintenance plant.

Is Solarpower a good plant?

Series features heart and cut-shaped leaf varieties! Densely branched SolarPower holds its shape and color in the landscape and mixed combos all Summer long, and it works well with companion plants. Medium vigor and a well-branched habit. Most efficient in production. SolarPower's tidy habit allows for more plants per rack at retail.

What kind of leaves do solar power plants have?
