This guide covers the latest solar system prices in Tamil Nadu, subsidy details, application process, and cost-saving calculations to help you make an informed decision. Government Incentives for Residential Solar Installations

What is rooftop solar subsidy scheme in Tamil Nadu?

The Tamil Nadu Government has inaugurated a Rooftop Solar Subsidy Scheme in partnership with the Government of India (Ministry of New and Renewable Energy--MNRE). This scheme has made solar power more accessible to Tamil Nadu consumers through the services of handpicked dealers.

Why are solar panels so popular in Tamil Nadu?

Solar panels' improved energy generation efficiency, monthly savings on energy bills, and solar subsidy in Tamil Nadu contribute to its even higher value proposition. Solar system prices in Tamil Nadu vary depending on the technology used, the type, the size, the extent of government subsidies, etc.

How many solar panels will be installed in Tamil Nadu?

The Union government has set a goal to install 25 lakh solar systems in households in Tamil Nadu under the PM Surya Ghar Scheme from April 1, 2024, to March 31, 2025. However, the response from consumers has been disappointing, with only 70,122 registrations so far which is just 2.8% of the target.

When both the source (Grid and Solar) available then your consumption at home will run from solar first, if your running load is more than 1 kW then it automatically changes to the main grid (TNEB).
