

What is the best sun shade for a car windshield?

The Magnelex Car Windshield Sunshade, with a bonus steering wheel cover sun shade, blocks heat and sun with its reflective polyester material. It is a foldable sun shield, universal fit for most vehicles, and keeps your vehicle cool.

Why choose a solar coated windshield?

Choosing a solar coated windshield brings down the interior temperature of your car by absorbing the sun's infrared (IR) rays that cause excessive heat. Additionally, it blocks harmful ultraviolet (UV) rays, preventing problems like sunburn, premature skin ageing, eye damage, and even skin cancer.

What is a shield solar panel?

Shield is both a solar panel for your car windshield and a portable solution for all your charging needs. The Shield pairs nicely with GoSun's solar cooling appliances. Unfold to fill your windshield in seconds. Use the tilt legs to lean toward the Sun and generate electricity wherever life takes you.

Can a folding solar panel power a car?

Keep your car cooler while generating up to 60 Watts of electricity with this folding solar panel. The Shield is compatible with any windshield, plus an integrated tilt stand allows it to face the sun anywhere when used outside. Power appliances directly via USB, charge any GoSun Powerbank, or charge your vehicle's battery.

How effective is a solar windshield?

A solar windshield is effective in absorbing or reflecting most of the invisible solar spectrum to the ambient through its multi-layers of IR-absorbing material. It is a special kind of windshield glass in which PVB is treated with metal oxides. A solar windshield is similar to any other laminated windshield.

How does the all weather shield work?

Use the tilt legs to lean toward the Sun and generate electricity wherever life takes you. When placed on the outside of your windshield, the all weather Shield blocks up to 80% of the sun's radiation from entering your vehicle. Keep cool, provide power for your car battery, charge your phone, or help charge your cooler's battery.
