

Is Maryland a good place to dispose of solid waste?

Improper handling of these wastes can pose direct threats to both public health and Maryland's natural resources, particularly water resources. Since 1914, Maryland has had laws requiring solid waste to be handled in a manner that minimizes the risk posed to public health and the environment.

Who is responsible for solid waste management in Howard County?

Solid waste management activities in Howard County are carried out by the Bureau of Environmental Services. In accordance with the Maryland Code of Regulations (COMAR 26.03.03) Howard County has established a plan for sustainable management of solid waste for the next ten years (2025-2034).

Who regulates hazardous waste in Maryland?

The Hazardous Waste Program of the Maryland Department of the Environment (MDE) is responsible for the regulation of hazardous waste in Maryland. For additional information or questions, go to the Hazardous Waste web page or contact Ed Hammerberg by email or phone at 410-537-3314.

What is MDE's solid waste program?

MDE's Solid Waste Program (SWP) is responsible for assuring that society's domestic, commercial, and non-hazardous industrial solid waste is handled properly. Improper handling of these wastes can pose direct threats to both public health and Maryland's natural resources, particularly water resources.

How do I submit a comment to a Maryland waste disposal permit?
