

What is mirror container in Cinderella?

An unknown object that encases the specialized weapon Glass Slippers with crystals. It employs shards of the Harmony Cube as its energy source and lashes out at whoever dares to approach. Mirror Container is Cinderella's weapon, Glass Slippers, consumed by the crystals of the crystal region. It serves as the boss of Chapter 32.

Is mirror container a good boss?

Mirror container is the most recently added boss in the game, it is one of the more durable Anomaly interception bosses due to a mechanic and is one of the harder ones to reach a good score in. This is offset a bit by some stronger units in the game currently that are Electric code, which this boss is weak to.

How does mirror container work?

Early on, Mirror Container will summon a single glass slipper on one of its sides and after a short duration, it will target the NIKKE with the highest attack. Depending on comfort, you can either ignore this or use any single instance of damage to break the slipper.

How do mirror container glass slippers work?

Glass Slippers (Replica) There are 3 different modes or stages that the Replica Glass Slippers will appear in. Early on, Mirror Container will summon a single glass slipper on one of its sides and after a short duration, it will target the NIKKE with the highest attack.

Does mirror container attack Nikke?

Mirror Container has a few attacks that will ALWAYS target the NIKKE currently with the highest attack.

What happens when a mirror container charges up?

During this mechanic Mirror container charges up as it begins to emit a shockwave, a set of QTE interruption circles must be destroyed in sequence. Failing to resolve this will cause an AOE attack that pierces cover and will kill the team. Glass Slippers: Attack mode
