

Why should I choose Solstice for solar energy?

Solstice is committed to ensuring that your investment in solar energy is protected and your system is future proof. At Solstice, we believe that an investment in solar energy is a guarantee for the future.

What services does Solstice offer?

Solstice offers a comprehensive and worry-free approach that extends beyond basic services to complete financing of your project. Solstice is an established Engineering, Procurement and Construction (EPC) company providing services for on-grid systems of all scales, including Utility, Commercial, and Residential projects.

What is the best part of working at Solstice?

"The best part so far is working with the people at Solstice. They are so helpful and they are very attentive. They know who all their customers are and explained everything about their solar farm to us.

Does Mitsui Own Solstice?

A wholly owned subsidiary of global energy infrastructure and investment leader Mitsui Co. Ltd., Solstice operates under Mitsui's North American investment arm, MyPower Corp. Mitsui holds a robust balance sheet and an "A" credit rating from Standard & Poor's. Go solar, without panels.

How does community solar work?

When you enroll in community solar, you reserve a share of panels at a nearby solar garden. Your share's production earns you credits on your electric bills that bring down your costs. Shared solar means you don't need to alter your property, switch your utility, or even leave your chair. Enroll in minutes online.

Why should I join local solar?

Enroll in minutes online. There are no added costs to join or cancel, no "gotcha" moments, and no risk of paying more than you would without solar. Just monthly savings. When you connect your electric bills to local solar, you support a cleaner, more resilient, and more equitable energy grid for you and your neighbors.
