

State of ohio electric car charging stations

Are electric vehicle charging stations available in Ohio?

COLUMBUS -- Public electric vehicle (EV) charging stations are now available at four state-owned locations thanks to funds provided by the Ohio Environmental Protection Agency's Volkswagen Mitigation Settlement and the Ohio Department of Transportation (ODOT).

Will Ohio's EV charging stations help EV drivers travel further?

"We hope the installation of charging stations at state parks and lodges will allow electric vehicle drivers to travel further and explore more of Ohio's natural wonders." Electrada, an Ohio company, has partnered with ODOT and ODNR on this project and will own, operate, and maintain the EV charging equipment installed.

How much do electric cars cost in Ohio?

Ohio is one of them. Ohioans with plug-in electric vehicles pay \$225 when they renew their registration. Those with hybrid vehicles pay \$100. Some states that require fees allocate part of them to support charging stations. Ohio doesn't do that.

How many EV charging stations are in Cleveland Ohio?

There are 134 public charging station ports (Level 2 and Level 3) in Cleveland, Ohio. 86% of the ports are level 2 charging ports and 41% of the ports offer free charges. Need to find EV charging stations in Cleveland? ChargeHub has the latest info on 134 charging stations.

Does Ohio offer EV charging incentives?

Ohio offers powerful incentive programs that can help you offer EV charging at your business, government facility, apartment, or other publicly available charging location. By partnering with EV Connect, we'll guide you through every step of the EV charging station qualification, installation, and management process.

Where can I get A Level 2 EV charger in Ohio?

Two additional site locations are at Ohio Department of Natural Resources (ODNR) parks, Hueston Woods State Park near Oxford, OH and Caesar's Creek State Park near Waynesville, OH. The Level 2 chargers are fully operational and can be found on the PlugShare EV charging app. "We're seeing a shift to electric vehicles underway in the market.
