

What is a Sungrow string inverter?

From 2kW to 352 kW,Sungrow string inverters turn DC generated by the solar panel into AC,available for residential and commercial solar projects.

Are Sungrow solar power inverters a good choice?

Sungrow PV solar power inverters,available from 2 kW to 8.8 MW,offer an efficiency of over 99%,making them the ideal choice for converting solar energy on any scale you need.

Who manufactures Sungrow inverters?

Sungrow,founded in 1997,is the leading inverter manufacturer in the worldwith over 87 GW of inverter power installed worldwide. They are a leading manufacturer of project inverters in Europe. (Note: Approval for VDE-AR-N 4105 is not available,only for VDE-AR-N 4110/4120. For 800 V mains connection)

What warranty do Sungrow solar inverters have?

Sungrow solar inverters now offer 10 years of warrantyon most of their models. Previously,they provided a 5-year warranty with an option for 10 years on selected models.

How do I control my Sungrow inverter?

To control your Sungrow inverter,install the iSolarCloud monitoring app on your smartphoneand connect it to your inverter using your home Wi-Fi. This allows you to manage your inverter with a simple touch on your phone.

How does the price of Sungrow inverters compare to European brands?

The Sungrow inverters are praiseworthyin terms of the ratio of quality to price. While the quality is comparable to European brands like Fronius,the prices are not as high.
