

Where are Sungrow solar inverters made?

Establishing one of Australia's largest solar inverter manufacturer teams, the company encompasses sales, technical support, project management, and after-sales service. The Sales and technical support teams operate from North Sydney, while Sungrow's warehouse is situated in Pendle Hills.

What is a Sungrow inverter?

The Sungrow SG5.0/7.0/8.0/10RT inverter series represents cutting-edge technology in solar power conversion. With its versatile range catering to different power needs, this series boasts high efficiency and reliability, making it an ideal choice for both residential and commercial solar systems.

Why should you choose Sungrow solar inverters?

Sungrow offers advanced liquid-cooled energy storage systems like PowerTitan and PowerStack, ensuring more profitability for stakeholders in the energy storage market. From 2 kW to 8.8 MW, our solar inverters ensure optimal power conversion for residential, commercial, and utility-scale applications.

Does GES energy offer Sungrow inverter solutions?

GES Energy can offer Sungrow's PV inverter solutions to fit your specific requirements. Contact us for more specific pricing info. GES Energy is an authorised dealer and installer of Sungrow battery systems and inverters. We service clients throughout Australia.
