

Survival frog quadrapro solar charger power bank

How much power does a solar phone charger have?

ULTRA-POWERFUL PANELS: Create the power you need from the sun quickly with our solar phone charger power bank. Four high-powered 5.5W solar panels fold open to charge the on-board, ultra-high capacity, 8,000 mAh battery capacity (this is actual capacity, unlike other brands that overstate their capacity).

What is the battery capacity of a solar power bank?

6,500 mAh battery capacity (this is actual capacity, unlike other brands that overstate their capacity). Do not leave in a hot car in direct sunlight, the battery may overheat. Handheld Solar Power Bank Available!

Can a solar power bank be recharged?

Recharging your electronic devices is now possible even when in hiking, camping, and other outdoor activities. Compatible with iPhones, SmartPhone, or Android mobile. **MAGNETIC LEATHER CASE:** A leather wallet with waterproof coating inside gives your solar power bank durability, flexibility, and heat resistance.
