

Can a Tesla Supercharger charge a non-Tesla EV?

It depends on the type of Supercharger and whether your car has an NACS charger or adapter. Any non-Tesla EV except for the Nissan Leaf and Mitsubishi Outlander PHEV (which use an incompatible plug standard called CHAdeMO) can currently charge at one of the limited number of Tesla Superchargers that offers a Magic Dock adapter.

How much does it cost to charge a Tesla? HOW MUCH IT COSTS TO CHARGE MY TESLA..  
#shortsyoutube.com Can Ford EVs charge anywhere in Tesla's Supercharger network?

As of last week, Ford EVs are able to charge anywhere in Tesla's entire Supercharger network, thanks to a new adapter the EV owner will carry. At Ford's invitation, we headed to a nearby Supercharger station to try the process for ourselves. Ultimately, the demonstration had no surprises, but that's actually a good thing.
