

Is Titan solar closing its doors?

Titan Solar, which installed thousands of systems across the U.S., informed its employees June 13 that it was "closing its doors," having failed to secure a buyer for the company, according to an email obtained by TIME. In the email, Titan said that it had helped over 100,000 households go solar.

What happened to Titan solar power?

As a result, Titan Solar Power announced it could no longer continue operations and would be closing its doors effective immediately. This closure serves as a reminder of the risks associated with solar investments and the importance of long-term warranty protections, such as the Solar Insure 30-Year Warranty, to mitigate such unforeseen events.

What happens if Titan solar power goes bankrupt?

While Titan Solar Power's bankruptcy is unfortunate, it doesn't have to spell disaster for your solar energy investment. Titan Solar Techs is here to provide the support and services you need to keep your solar panels in top condition.

Was a new buyer sent to Titan solar power employees?

This new buyer was meant to bring "new sales channels to the company and take us in a new direction" according to an email shared on social platform Reddit that is alleged to have been sent to employees of Titan Solar Power (see below). PV Tech has been running an annual PV CellTech Conference since 2016.

How is Titan solar techs making a difference?

In the wake of Titan Solar Power's closure, Titan Solar Techs has emerged as the new leader in the solar industry, dedicated to providing support and continuity for those affected by the bankruptcy. Here's how Titan Solar Techs is making a difference: 1. **Warranty Support:** Titan Solar Techs understands the importance of honoring warranties.

Does Titan sell solar?

With tens of thousands of residential solar installations across 16 states, Titan established itself as a formidable player in the solar industry, largely through its extensive Solar Dealer program. This approach involved partnering with numerous solar sales organizations that sold solar systems on Titan's behalf.

She purchased a solar panel system from Titan back in 2020, though she says her power bills haven't changed much. "I feel like I've been robbed," Brooks said. "They're taking advantage."
