

Who manufactures Titan solar panels?

Titan Solar Power uses high-quality solar panel and solar inverter equipment for its residential solar arrays, including LG solar panels and Silfab solar panels.

Who is Titan Solar Power?

Titan Solar Power, founded in March 2013 in Mesa, Arizona, has grown to become one of the fastest growing solar installers in the southwestern United States. It plans to expand across the South and Midwest regions of the country.

What happened to Titan solar power?

Unfortunately, on June 19, 2024, after heavy rains, a leak started in the roof right where the solar panels are installed. I tried to contact Titan Solar Power's service and maintenance department, only to find out that the company has closed down, leaving me and many others in a situation of damage and helplessness. What actions can we take now?

How does Titan sell solar systems?

These dealers sold solar systems on behalf of Titan, which then managed the installations. The financial arrangement involved a pricing model, where Titan charged a fee for the completion of the project, and dealers kept the remaining amount as their commission.

Is Titan solar a bad company?

Titan Solar is trash and their subcontractors that installed the system and do service repairs are incompetent. Do not use these people. Find someone else if you can in CO. This is one of the worse companies, don't do business with them. Stay away they don't answer and don't solve any issues. Don't buy from them. El Paso 10812 Notus Lane.
