Is Titan solar a good solar company?

The company also noted it would "no longer be supporting new Leases and PPA sales nor new project installations of these financing options." Titan Solar Power is one of the best-known solar companies in many parts of the country and is often cited as the number one solar installer by volume in the country.

Is Titan solar power a bad company?

Unfortunately, Titan Solar Power has a bad reputation for customer service. The company has accrued more negative reviews than positive ones owing to lack of communication and follow-up, poor attention to detail, poor customer service -- especially following installation and payment -- and other related issues.

How poor is Titan Solar's customer service?

Titan Solar's customer service is horrible. They take no responsibility for anything. We will be filing complaints with the Public Utilities Commission and the Nevada State Contractor Board. We were told we would not have a solar payment the same month as our last power bill, but instead, we had to pay an \$869.00 power bill and our solar payment.

Does Titan Solar Power install solar panels?

Titan Solar Power conducts a five-step solar panel installation process to help homeowners maximize their savings. They employ NABCEP-certified contractors and have an active partnership with Loanpal to help homeowners make the switch to solar and save on their utility bill.

What happened to Titan solar power?

Unfortunately, on June 19, 2024, after heavy rains, a leak started in the roof right where the solar panels are installed. I tried to contact Titan Solar Power's service and maintenance department, only to find out that the company has closed down, leaving me and many others in a situation of damage and helplessness.
