Titan Solar Power has 5 employees at their 1 location. See insights on Titan Solar Power including office locations, competitors, revenue, financials, executives, subsidiaries and more at Craft.

How does Titan sell solar systems?

These dealers sold solar systems on behalf of Titan, which then managed the installations. The financial arrangement involved a pricing model, where Titan charged a fee for the completion of the project, and dealers kept the remaining amount as their commission.

What happened to Titan solar power?

Unfortunately, on June 19, 2024, after heavy rains, a leak started in the roof right where the solar panels are installed. I tried to contact Titan Solar Power's service and maintenance department, only to find out that the company has closed down, leaving me and many others in a situation of damage and helplessness. What actions can we take now?

How did Titan solar power start?

Titan Solar Power had established itself through a vast Solar Dealer program, partnering with many solar sales organizations. These dealers sold solar systems on behalf of Titan, which then managed the installations.

How long does it take Titan to replace a solar inverter?

It took many communication attempts to get Titan to respond, then another two weeks to get a replacement inverter delivered. Then Titan says they can't replace it for two months. They got SolarEdge to replace it who contracted it out to someone else. 24 days without power production.

Is Titan solar a bad company?

Titan Solar is trash and their subcontractors that installed the system and do service repairs are incompetent. Do not use these people. Find someone else if you can in CO. This is one of the worse companies, don't do business with them. Stay away they don't answer and don't solve any issues. Don't buy from them. El Paso 10812 Notus Lane.
