

Does True Value Solar have good customer service?

According to some reviews, True Value Solar does not have good customer service. One review states that they have been waiting for an installer to install a replacement inverter since the 16th of March, despite multiple attempts to contact the company by phone and email. The inverter is faulty and the reviewer is losing solar power as a result.

What is True Power Solar?

True Power Solar is a company dedicated to providing efficient customized energy solutions for residential and commercial properties in California and exceeding clients' expectations while increasing environmental sustainability.

Is SunPower a legit company?

Yes, SunPower is legitimate. SunPower offers a comprehensive line of solar products and services, including solar panels and inverters backed by one of the best warranties in the industry. Authorized dealers aren't available nationwide, and the level of customer support may vary from one installer to another.

Does SunPower cover solar panels?

However, the smartphone and computer you use to monitor your solar panel production aren't covered. SunPower also guarantees your solar panels won't lose more than 10% of their original power output in that 25-year period, which ensures your solar energy system stays efficient and produces the solar power your home needs.

What do you think about SunPower?

No one, not a single person at SunPower follows through with anything they say they will do. Crooked is the word that is coming to mind when I think about SunPower. Steer clear of Sun Power. They do not care about their customers in my opinion. They only care about collecting money - no service. Switch to solar with a system built for you.

Does SunPower offer a 0% interest loan?

Terms vary based on your financial history, but qualified buyers can access a 0% interest loan for 10 years without penalty for prepayment. Is SunPower legit? Yes, SunPower is legitimate. SunPower offers a comprehensive line of solar products and services, including solar panels and inverters backed by one of the best warranties in the industry.
