

What is Vivint Solar?

Vivint Solar is a company that offers premium services for residential solar energy systems. They provide four purchase options and make the process of buying or leasing solar panels simple for customers.

Does Vivint Energy offer solar battery options?

Vivint Energy offers several Solar Battery options that will ensure you're protected from Outages. For a quote, call (855) 224-6995.

Can a Vivint Home help save money?

A Vivint home can help you save money by combining energy-savings with award-winning protection for total peace of mind. See how much you could save by switching to Smart Energy from Vivint and bundling with a smart home security system. We'll tell you what solar energy is, how it works, and list some of the potential cost savings you might see from installing a solar energy system.

What financing options does Vivint offer?

Vivint offers three simple financing options for solar batteries and solar back-up batteries: Solar PPA/Lease: Pay a fixed rate per kWh, Solar Loan: Purchase and finance your system, Solar Cash Purchase: Own your system outright. Discover power independence with a plan that works for you.

Does Vivint offer solar and home security services?

Vivint Solar offers bundles that combine solar and home security services. The bundles include a Vivint smart hub, security cameras, a smart thermostat, home automation devices and 24/7 monitoring. You can track both your solar and home security devices through the Vivint app.

How do I pay for a Vivint Solar energy system?

There are a few tax incentives available, such as the federal solar tax credit, to help cover some of the costs of going solar. Your city and state might also offer incentives; a Vivint representative can help you determine if any are available. You can pay for a Vivint solar energy system with a solar loan, solar lease or cash purchase.
