

Are public electric car charging stations free?

Some public electric car charging stations are free of charge to use. However, others may include a pay as you go or a subscription system. Auto manufacturers such as Tesla and Nissan offer free charging but only at designated charging stations.

Do utility companies pay for EV charging stations?

Many utility companies throughout the U.S. offer rebate programs for commercial customers that install EV charging stations on their properties. Some of these programs, such as AEP Ohio's, offer to cover up to 100% of the costs. Your utility provider is the first place to check when you're weighing adding an EV charging station to your property.

Is EV charging free?

EV charging is not free; topping up at home means increased electricity costs, and many charging stations impose a fee for juicing up on the go. But there are a number of free charging programs if you know where to look. Across the country, private companies, nonprofit programs, and local governments are offering free EV charging options.

What cars come with free charging?

Volkswagen ID.4: Comes with 30 minutes of free level 3/DC fast charging, and 60 minutes of level 2 charging at Electrify America stations. Ford F150 Lightning: Comes with 250kWh of power at level 3/DC fast charging at Electrify America stations. Chevy Bolt: Free home installation of a level 2 charger with your purchase of a 2022 model.

Where can I find free chargers?

The easiest way to find them is on the PlugShare app, which includes a filter for free chargers. Much of the app's content is crowdsourced by real drivers, who "check in" at each station and upload the latest information about it, including if it's still free, how many minutes of charging you get, and at what level/speed.

Should you install an EV charging station?

Strategically placing your station to reduce the length of conduit that must be laid will save you up front, while ensuring you install enough infrastructure to have room to grow will curb long-term costs. Adding an EV charging station shows that you're eager to stay one step ahead of your competition.
