

How many solar companies are there in Wyoming?

Wyoming's solar industry is quite small, with only 10 solar companies in the state, according to SEIA. And the majority of them are smaller local businesses. Solar is an expensive investment, so try to get as many quotes as you can from different installers to get the best price possible.

Who are the best solar companies in Wyoming?

Since most solar companies in Wyoming are local businesses, you might have better luck going with a local company in your area. Here are a few to consider. Creative Energies is a residential and commercial solar installer with locations in Wyoming, Utah and Idaho.

Does Wyoming have solar panels?

Rooftop solar panel installations in Wyoming have a ways to go. Wyoming ranks 44th (out of 51) in the US for solar energy production, according to data from the Solar Energy Industries Association. Wyoming also has some of the cheapest electricity rates in the country, whereas solar panel system installation is an expensive affair.

Why choose a solar installer in Wyoming?

Installing solar panels in Wyoming can offer greater accessibility to potential customers as many installers only serve a small portion of the state. For instance, companies like The Solar Guys, GenPro, and WYCO Wind and Solar likely limit their service areas to save time and money due to the overall low demand.

Is Wyoming a good state for solar energy?

Wyoming may not be the first state that comes to mind when you think of solar power, but it has been making strides in recent years. In addition to increased tax incentives, the state provides plenty of open skies ideal for solar energy systems.

How much does solar cost in Wyoming?

The average price of solar is about \$2.06 to \$3.08 per watt in Wyoming, so anything in that range is a fair price. Some prices may be too good to be true. If your installer quotes you way below the average price in your area, proceed with caution. Installers must charge fair prices to remain in business and provide you with 25 years of support.
