

Where can I buy a xtorm powerbank?

This is the powerbank for you. The AL421 Power Bank Limitless 10000 is EUR89 (around €80). You can buy it now direct from the Xtorm website. Xtorm offers a two years guarantee on all its products. Xtorm has introduced a number of new powerbanks in to their range.

Are xtorm powerbanks waterproof?

Xtorm has introduced a number of new powerbanks in to their range. However, it was the rugged, IP68 waterproof-rated Limitless 10000 that caught my eye. The Xtorm Limitless (AL421, if we're being formal) boasts 10,000mAh of charging power through a pair of USB ports. It also comes with the usual emergency torch function.

What is xtorm power bank limitless?

This is a test used to ensure products are suitable for the American military forces. This Xtorm Power Bank Limitless is highly efficient and loses the least possible energy during the charging process. Thanks to being equipped with an APM-chip, the powerbank automatically balances the correct charging speed.

How much does a xtorm solar booster cost?

What I really like is if you're in the great outdoors get hold of the Xtorm Solar Booster (€99.95) and you can charge your powerbank up with the sun. So if you are looking for a rugged powerbank that can charge multiple devices at €59 it will serve you well in your next outdoor adventure.

Does the powerbank have a flashlight?

The powerbank also comes with a built-in flashlight on the bottom right of the power bank just in case you get stuck in the dark when out walking or you just want to explore a cave. On the other side of the powerbank is the power button which also doubles up as the power for the flashlight.

What color is the powerbank?

The powerbank is orange and black and is designed with a durable plastic cover and the orange rubberised shockproof bumpers on the outer sides of the powerbank to add to the rugged style and offer protection if dropped.
